Ref: G.O.Ms.No.1385 Pub.(R.D.P.)Department dated 21.4.55.

-:o:-

The G.O.cited provides for the supply of pedigree rams and cockrels to individuals for exchange to local variety which should be sold for meat and the sale proceeds credited to Government. The Block Development Officer, Sullia reports that there is no sheep rearing industry in the Block but goat and pig rearing is common. In order to grade up the local variety he suggests that the supply of Tellichery Breeding bucks and Berkshire Breeding pigs may also be included in the provisions of the G.O. The District Veterinary Officer, South Kanara also supports this suggestion of the Block Development Officer Sullia. I, therefore, request that the Government may be pleased to include the supply of Tellichery bucks and Berkshire pigs in the scope of the G.O.

Yours faithfully,
